No. 822 of 1856.

From

H. W. DASHWOOD, Esquire,

Register to the Court of Nizamut Adawlut,

N. W. Provinces,

To

C. B. THORNHILL, Esquire,

Officiating Secretary to Government,

N. W. Provinces.

Dated Agra, the 31st May 1856.

Sir,

N. A., N. W. P.
Present:
H. B. Harington,
and
H. Unwin,
Judges,
and
C. Raikes,
Offg. Judge.
} Esquires.

I am directed by the Court to forward for submission to the Hon'ble the Lieutenant Governor, North Western Provinces, the figured Statements which accompany, showing the results of the Criminal Administration in the Nizamut Adawlut and District Courts of the North Western Provinces, for the year 1855, together with the reports of the Sessions Judges in original as detailed in a separate list annexed.

2.—As requested in paragraph 4 of your predecessor's letter No. 103 A. of the 30th January last, the Court submit, in addition to the usual returns, a statement showing in one view the leading features of the Criminal Administration for all the Districts under their jurisdiction. The results embodied in this Tabular Form are as follows:—

3.—48,890 crimes and misdemeanors, in which 1,01,798 persons were concerned, were investigated in the Magisterial Courts during the past year, and terminated in the conviction of 58,177 persons, the commitment for trial to the Sessions Court of 4,619, and the acquittal of 36,295, or a proportion of about 36½ per cent. to the total number tried. At the close of the year, there were under trial 2,127 persons, of whom 1,075 were in Jail, and 1,052 on bail.

4.—The following Comparative Statement shows the number of convictions, commitments and acquittals, in the years 1854-55, in the several divisions of the North Western Provinces. It will be observed, that the general proportion of acquittals is about the same in the latter

as in the former period, that it varies from 44 per cent. (the maximum) in the Meerut Division to 24 per cent. (the minimum) in the Dehlie Division, and that the proportion in the Non-Regulation Division of Saugor is less than in the Regulation Provinces, with the single exception of Dehlie. The average duration of cases in which Police Agency was employed in 1855 was 12½ days for the Regulation, and 13¼ days for the Non-Regulation Divisions, but the excess of one day in the average of the latter jurisdictions over that of the former may be attributed to the long duration of cases in the Hill Districts of Kumaon and Gurhwal, as the detailed Statements show that no greater delay occurs in the investigation of cases in the Zillahs subordinate to the Sessions Judge of Saugor than elsewhere. Excluding Kumaon and Gurhwal, where, from local peculiarities, the same despatch in conducting criminal enquiries has not as yet been attained, the Court observe that the duration of cases with Police Agency in the Agra, Meerut and Allahabad Divisions, exceeds that of the others, and that in the two first mentioned Divisions, petty cases also were pending for a longer period than in any other Division.

5.—The number of witnesses summoned during the year was 3,23,346, of whom 2,87,487 were detained but one day, 23,818 two days, 6,930 three days, and 5,102 for four days and upwards.

6.—4,619 persons were committed to the Sessions Courts, of whom 2,753 were convicted, 672 referred for the orders of the Nizamut Adawlut, and 997 or a proportion of 22½ per cent. acquitted. The commitments of 145 persons were cancelled; of these 66 belonged to the district of Azimgurh alone.

7.—The subjoined divisional statement of appeals, both in criminal trials, and in miscellaneous cases, exhibits the Saugor Division in unfavorable contrast with the other Divisions in respect to the large proportion of reversals to appeals tried. The peculiar circumstances however of the Saugor and Nerbudda Territories, which cause the number of appeals to be dependent in a great measure on the distance of the Appellate Court, preclude any comparison between them and the Regulation Provinces, and looking to the latter alone it will be seen that the result of appeals was most satisfactory in the Rohilkund division, than in Meerut, Dehlie and Agra. In the remaining Divisions, the proportion of reversals is about the same. Criminal appeals were most numerous in the Benares, Allahabad and Rohilkund Divisions.

8.—384 cases were referred for the orders of the Nizamut Adawlut in the year under review, and the proceedings were called for in 208 cases either in appeal or on a review of the monthly criminal statements or under instructions from Government. In these cases 785 persons were convicted, 252 acquitted, and 279 otherwise* disposed of.

12.—The following is a Comparative Divisional Statement of the number of cases disposed of in the years 1851-55 under the provisions of Act IV. of 1840. 13.—The operation of the different Circulars alluded to in paragraph 6 of Mr. Secretary Muir's letter, No. 103 A., dated the 30th January last, has been noticed by the Court in their separate Resolutions on the returns of the several districts, and they consider it sufficient to remark in this place, that the rules prescribed therein have very generally been acted up to by the local criminal authorities, that the effect has upon the whole been found to be very beneficial.

14.—An Appendix (A.) containing extracts from the Court's Resolutions on the reports of the Sessions Judges, is also submitted for the information of Government.

I have the honor to be,

Sir,

Your most obedient Servant,

H. W. DASHWOOD,

APPENDIX.

Extract, paragraph 58, from a report from the Sessions Judge of Dehlie, No. 24, dated 5th March 1856, on the Administration of Criminal Justice, for the year 1855.

58.—Act XVI. of 1850 has not been carried out to any great extent. In Dehlie and Goorgaon not at all, though the former of these districts would appear to be the district to which the provisions of the Act would be most applicable. The Khoj system, however, supplies a scheme of compensation, which, even if not so just in theory as the Act in question, is much more comprehensive in its scope, embracing, as it does, restitution, without any proof of guilt, and enabling the Police to realize the amount by a rate on the inhabitants of a village. This of course limits the number of cases in which compensation is claimable under Act XVI. of 1850. The great obstacle to the efficient working of the Act, is the difficulty of realizing the fine. Very few thieves are possessed of property, and those who do possess goods and chattels, manage to get them secreted long before any order for attachment can issue. The marginal Statement shows the operation of the Act in the districts subordinate to me and in this Court. To it I have added a column showing the amount of compensation awarded under the Khoj system, *viz.* Rs. 6,451. The fines imposed under the Act being only Rs. 408. As the amount realized falls short of this sum by only Rs. 60, I should be inclined to think that the Magistrates restrict themselves to such cases as afford a prospect of realization.

Extract, paragraph 12, of the Court's Resolution, recorded on the Criminal Administration of Zillah Dehlie, for the year 1855.

12.—The Court observe that through out the Dehlie Division, the provisions of Act XVI. of 1850 are very rarely enforced. This no doubt may in some measure be attributed to the operation in the same territory of the Khoj system, which, as the Sessions Judge justly remarks, "is much more comprehensive, embracing as it does restitution without any proof of guilt, and enabling the Police to realize the amount by a rate on the inhabitants of a village." The marginal Statement to paragraph 50 of the Sessions Judge's report shows the amount of compensation awarded under the Khoj system. It has always been in force in the Dehlie territory, but the Court have no wish to see the system extended, considering it to be objectionable in principle, and they communicated their opinion to that effect in the course of last year to the Sessions Judge of Saharunpore, who had submitted for their consideration a proposition made by the Magistrate of Moozuffernuggur for the introduction of the practice into that district. The

Court at the same time remarked that while objecting to the revival of the system, when once discontinued they did not wish it to be understood, that they disapproved of the practice of Police Officers following the track of criminals from one village to another; it was the custom of *levying a fine* on the last village to which the stolen property had been traced, which is not warranted by Law, to which their objection was limited.

Extract, paragraph 25, from a Report from the Sessions Judge of Mynpoorie, No. 18, dated 14th February 1856, on the Administration of Criminal Justice, for the year 1856.

Circular Order No. 103, dated 2nd January 1855, circulating remarks on the object and bearing of Act XVI. of 1850, with instruction for the regular enforcement of that law.

25.—Mr. Cocks gives the following opinion on this Circular. "No. 103 is indubitably correct and satisfactory, especially in cases of cattle theft or robberies on a large scale, where the offenders are often men of substance, I cannot say I have been able myself during the past year to make much use of; as the thieves of this part of the world are generally of the poorest and lowest rank of society."

Mr. Christian expresses his opinion thus:—"This Circular Order has been inoperative here, for the simple reasons that it leaves doubtful the construction of the Act on the important point. Whether fine can be added *after* sentence for theft or robbery. But a fine will seldom be imposed on a prisoner, unless the presiding officer, from private sources of information or the representation of the plaintiff, believes the prisoner to possess movable property from which the fine can be readily realized. But the representation of the plaintiff or the Magistrate's own enquiries on this point will scarcely be made until after conviction and sentence, and then it is doubtful if fine can be superadded by supplemental order. There are great difficulties in realizing fines by attachment and sale in this country, and Magistrates will not incur the extra labor of enquiry on the contingency of conviction nor pass an order for fine without being certain that the prisoner has readily available assets, for such an order, respecting a pauper prisoner, or one whose property is disputed, may lead to objections and investigations at every attempt to realize by attachment and sale."

I do not consider Mr. Christian's reasons for not carrying out the provisions of this Act to be at all satisfactory. If paragraph 14 of the Circular leave the point doubtful, in the highest Court of the country, whether fine be imposable after sentence have been pronounced, it is quite clear that a very wide latitude must be allowed to Magistrates in interpreting the law, and under the opinion thus recorded by the Court, had Mr. Christian, in any instance imposed a fine after pronouncement of sentence, and his order been appealed, it would scarcely have been respectful to the Court had I cancelled it, and I certainly should not have done so.

As regards the Act itself, Mr. Cocks has hit upon the reason which I have heard assigned by nine Magistrates out of ten for the law being generally inoperative.

It is that thieves are usually insolvent, and it would be a very bad state of society indeed, in which this was not the case.

I have myself had only one opportunity of applying the law in a case of burglary, in which I fined one of the defendants 100 rupees in addition to a sentence of four years' imprisonment with labor in irons, and of this fine 21 rupees 5 annas only have been realized and paid to complainant.

The law will never, I hope, be very generally applicable, for I do not desire to see men above want proceeding to rob and steal.

Still I would not remove it from the Statute Book, for there is one class of offenders, over whom it should hang in all its terrors, viz., the receivers of stolen property, the extreme difficulty of convicting whom should be accompanied by the power of awarding a thoroughly adequate punishment when conviction do ensue.

Extracts, paragraphs 4 and 13, of the Court's Resolution, recorded on the Criminal Administration of Zillah Mynpoorie, for the year 1855.

4.—The Court remark that the provisions of Act XVI. of 1850 were a dead letter in Etawah, and that they were acted upon in only one instance in Mynpoorie. The Court concur with the Sessions Judge in considering that the inoperative character of this law, has been correctly traced by the Magistrate of Mynpoorie to the general poverty of criminal offenders, rendering the infliction of any fine only a nominal addition to specific punishment. The Magistrate of Etawah, on the other hand, would attribute his failure to carry the provisions of the law into effect to the fact of the Court's Circular* on the subject leaving it doubtful whether the fine can be added after the sentence for the theft or robbery has been passed. The Court can by no means consider this reason to be sufficient. They do not perceive any obscurity either in the terms of the Act or in the Circular Order referred to; both clearly contemplate the imposition of a fine at the time of passing sentence, of which it is intended to form part, but any doubt on this point could constitute no legitimate excuse for neglecting to enforce in all instances, where it may be suitable, the provisions of a Law enacted by the Legislature for the guidance of the Criminal Courts. It may be very true as remarked by the Officiating Sessions Judge, that the universal application of this enactment would assume a state of society in which opulence and not poverty was the characteristic of the Criminal population, but in regard to particular offences, such as felonious breach of trust, and receiving stolen property, the enforcement of the law must almost invariably prove beneficial, and it should not be made dependent on any doubt as to the time of inflicting, or probability of realizing the fine.

* No. 103 dated 2nd January 1855.

13.—The Court observe that both in Mynpoorie and Etawah the number of cases instituted under Act IV. of 1840 has increased. In connection with this Act, it may be proper to remark that, during the course of the year, the Court ruled, on a reference arising out of a difference of opinion between the Sessions Judge and the Magistrate of Etawah, that the Collector has no concern with the case or management of property attached by the Criminal Courts under Section 3, Act IV. of 1840, unless the subject of the attachment be "land," that is a landed estate or portion of one. In all other cases the Magistrate must make his own arrangements.

Extract, paragraph 5, of the Court's Resolution, recorded on the Criminal Administration of Zillah Saharunpore, for the year 1855.

5.—An enquiry was made by the Magistrate of Saharunpore in the course of the year under review, as to whether it was imperative on an Officer, whose vernacular language was the language of the Court in which he presides, to write his decisions, sentences, or final orders with his own hand, as is necessary in the case of an Officer whose vernacular language is English. The Court informed him in reply that although the letter of the law merely declared that every decision, sentence, or final order carrying with it the fate of the case, and passed by an Officer acting judicially, should be recorded in the vernacular language of the deciding officer, and should be signed, and dated by him at the time of delivering in open Court, it was obviously desirable, and the Court presumed it was intended, that every such Officer, unless physically incapacitated, should write his decisions with his own hand.

Extracts, paragraphs 7 and 8, of the Court's Resolution, recorded on the Criminal Administration of Zillah Furruckabad, for the year 1855.

7.—On a reference made to the Court by the Government in the past year, they held that the Magistrate of Furruckabad was not justified in interdicting melon cultivation as a public nuisance, requiring abatement under Act XXI. of 1841. The cultivation has had an acknowledged and unimpeded existence of seventeen or eighteen years during which extended period no

objection had been made to its continuance, and even supposing any alleged source of unhealthiness (consequent on manure or decomposed vegetable matter to fall legitimately under the description of a "trade or occupation injurious to the health and comfort of the community" still a long prescriptive use, and exercise of the privilege of cultivation could not, in the opinion of the Court, be summarily prohibited under a penal law such as that under notice.

8.—The question of the power of interference possessed by a Sessions Judge, with the order of a Magistrate in actions of debts against European British Subjects, was so referred for the consideration of the Court by the Sessions Judge, in consequence of a difference of opinion with the Magistrate arising out of the circumstance that the latter had not expressly stated in his proceedings that he had acted as a Justice of the Peace. The Court held that whether the Magistrate acted in that capacity or not in the case which gave rise to the reference, his jurisdiction over European British Subjects in case of debt, not exceeding the sum of Rs. 50, was derived solely from an Act of Parliament, that is to say, 53 George III. Cap. 155, and as the 106th Section of that Act declares that the decision of the Magistrate is "final and conclusive to all intents and purposes," the Court determined that the Sessions Judge had no jurisdiction in the matter, and was consequently incompetent to interfere with the order passed by the Magistrate in the case.

Extract, paragraph 3, of the Court's Resolution, recorded on the Criminal Administration of Zillah Jounpore, for the year 1855.

3.—In respect to Act XXXIII. of 1854, it may be noticed that on a reference from the Sessions Judge as to whether it was to be held applicable to all foujdaree cases of whatever description, or whether there were any exceptions to the general rule prescribed by it, that Officer's attention was drawn to the words of the Law as quoted in the margin,* as being sufficiently clear and explicit in themselves without further explanation. If there were any cases in which, in the opinion of the Sessions Judge, a Magistrate did not act judicially, the Judge was informed that he was at liberty to make a reference to the Court when the applicability or otherwise of the Act might be determined in each particular case.

* "Every decision, sentence, or final order, which shall hereafter be made or passed by any Officer of the East India Company *acting judicially* together with the reasons for making or passing the same shall be written, &c."

Extracts, paragraphs 9 to 12, of the Court's Resolution, recorded on the Criminal Administration of Zillah Saugor, for the year 1855.

9.—In the past year the question of the respective jurisdictions of the Local Magisterial Officers, and the general Superintendent of the Thuggee and Dacoitee Departments and his subordinates came under the consideration of the Court in connection with a trial referred for their orders by the Sessions Judge of the Saugor Territories; and the Court held that there was nothing objectionable in a preliminary enquiry being made by the Officers of the Thuggee Department, but that, beyond this, the matter should rest entirely with the District Officers.

10.—On an enquiry made by the Sessions Judge, as to whether Act IV. of 1849, was applicable to all cases in which insane persons are convicted of any crime without reference to the nature of the offence, or to the character of the insanity (the instance then before him being that of an idiot convicted of gambling) he was informed, that the terms of the Act, as quoted in the margin,* were general, and that no offences were excepted from its operation.

* Section 1.—"No person who does an act which, if done by a person of sound mind, is an offence."
Section 2.—"Whenever a person charged with any offence shall be acquitted."

11.—On another occasion, the Court communicated to the Sessions Judge their opinion that the offence of embezzlement by a Post Office Baboo was cognizable under Act XIII. of 1850, anything in the Post Office Law, (Act XVII. of 1854,) notwithstanding, that the wording* of Section 1 of the former Act was general, and would include the case of a post official who had embezzled money entrusted to him by virtue of his Office, but that the Magistrate would be at liberty to punish such an offender under the provisions of Act XVII. of 1854, should he be of opinion that the penalty he was authorized to inflict under that Law was sufficient.

* "Every person employed in the public service of Her Majesty or of the East India Company, and entrusted by reason of such employment, with the receipt, custody or control, of any chattel, money, or valuable security, who shall embezzle the same or any part thereof, or in any manner fraudulently apply, use, or dispose of the same or any part thereof, for any purpose other than a purpose to which the same is applicable, under the trust reposed in him, shall be deemed to have feloniously stolen the same."

12.—The Sessions Judge also referred to the Court a question put to him by the Deputy Commissioner of Seonee as to whether, in cases of assault, the defendant should be sentenced to labor commutable to a fine, or only to simple imprisonment. In reply, he was furnished with a copy of the ruling Court on a similar enquiry made by the Sessions Judge of Mynpoorie, in which that Officer was told that while *possibly* under a stringent interpretation of the law, the Magistrate did not possess in his judicial capacity the power, which the Court's Circular Order of April 1796, (legalized by Clause 1, Section 5, Regulation XIV. of 1816,) conferred upon him in his executive capacity, of sentencing persons to labor or of employing convicts on the public roads, yet that the exercise of this power had been sanctioned by the practice of half a ceatury, and that it could not now be withdrawn, without evil effect both retrospectively and prospectively; that Construction 1264, moreover recognized by implication the authority of the Magistrates to make labor (redeemable by fine) a part of the sentences of imprisonment which they may adjudge "under *Regulation IX. of 1807* or *other* enactments," and that, even if this construction were not in existence, it would be useless to prohibit the Magisterial Authorities from superadding labor to sentences of imprisonment "under Regulation IX. of 1807, and other enactments," wherein it is not specifically authorized, for, if the Regulations did not expressly sanction the adjudgment of labor in certain cases, neither did they require the Magistrate and his Assistants *specially* to exempt the persons, implicated therein from labor, and, in the absence of such special exemption, the Magistrate would be warranted by the Circular Order of 1796 (legalized as above) in "employing convicts sentenced to imprisonment in the repairs of the public roads;" and that as the power even of redeeming labor so imposed by payment of a fine would be withdrawn, the interdict supposed would be not only useless but injurious.

No. 1583 A. of 1856.

FROM

C. B. THORNHILL, ESQUIRE,

Officiating Secretary to Government,

N. W. Provinces,

To

H. W. DASHWOOD, ESQUIRE,

Register to the Court of Nizamut Adawlut,

N. W. Provinces.

DATED HEAD-QUARTERS, NYNEE TAL:

The 6th September 1856.

JUDICIAL DEPARTMENT.

SIR,

I am directed to acknowledge the receipt of the letters noted in the margin, with their respective enclosures, showing the results of the Criminal Administration in the Nizamut Adawlut, and in the District Courts of the North Western Provinces subject to the control of the Court, for the year 1855, and, in reply, to communicate the following observations and orders:—

No. 822. of May 31st, received June 9th, 1856.
No. 862. of June 12th.
No. 920. of June 24th.

2.—The Lieutenant Governor has examined with much interest the general result of the Criminal Administration, as now reported in a conveniently condensed arrangement, with reference to the orders contained in my predecessor's letter, No. 103 A. of the 20th January last.

3.—It may be anticipated that, after some years, such an amount of exact and useful particulars will be collected, as will admit of general conclusions being drawn from them as to the state of the criminal business of the Provinces with considerable accuracy and confidence.

4.—There has been, on a comparison for 5 years, some increase of criminal trials for all kinds of offences, but the cases arising have been, on the whole, promptly disposed of, and the number pending investigation before all classes of Courts at the close of the past year was creditably

small. In a population which may be stated as not short of from 33 to 34 millions, the cases of only 2,657* persons charged with offences remained undecided.

* The entry for the Nizamut Adawlut is of cases not persons, but the number is so small, only 31, that it does not affect the substantial accuracy of the Statement. The total is taken from the Court's Statements Nos. 1 to 9. The Separate General Statement gives only 2127, of whom in Jail, ... 1075
on Bail, ... 1052

5.—The average duration of cases which came before the Police is, including all the districts, the Hill Province of Kumaon as well as others, 13½ days, and of those in which the Police were not employed, 9 days.

6.—Table No. 7, accompanying the Court's letter of May 31st, gives the average duration of the more heinous cases which are referred for the final sentence of the Nizamut Adawlut. The whole average time occupied varies from 3 to 3½ months. The Lieutenant Governor hopes to see this period still further reduced, but he observes that, from Returns laid before Parliament referring to a recent year, it is found that, in England and Wales, 3,137 persons were from 2 to 3 months, 872 from 3 to 6 months, and 186 persons for 6 months and upwards, in prison, before being brought to trial in the higher Courts.

No. 7.—Abstract Statement shewing the average duration of cases referred to the Nizamut Adawlut by the Sessions Judges in the North Western Provinces, during the years 1851 to 1855 inclusive.

Year.	From apprehension to commitment.	From commitment to reference.	From transference to receipt.	From receipt of reference to sentence.	Total from apprehension.
	Days.	*Days.*	*Days.*	*Days.*	*Days.*
1851,	28	42¾	6½	11½	88¾
1852,	34½	49¾	8	13¾	105½
1853,	33¾	39½	7½	11½	91
1854,	32¾	36¾	7	14	90½
1855,	36½	44½	7½	15¾	104¾

7.—As shewn in the 3rd paragraph of the Court's report, the average proportion of acquittals in all cases is about 36½ per cent. to the total number of persons tried. Observing on the similar result in the Punjab during the past year 1855, the Chief Commissioner remarked "the present proportion of acquittals, viz. 37·67 per cent., is probably nearly as good as can be legitimately obtained." But the Lieutenant Governor has to remark with regret that, in the more heinous class of cases, those, viz. included under the heads Nos. 1 to 41 of the General Statement, the proportion of acquittals by the Magistrates, or the Officers

subordinate to Magistrates, is much less favorable. It was as follows in the several districts mentioned :—

Moozuffernuggur	ratio of acquittals, --	62·05 per cent.
Meerut, -- -- -- -- -- -- --		58·91 „
Moradabad, -- -- -- -- --		56·3 „
Bijnore, -- -- -- -- -- -- --		52·55 „
Jaloun, -- -- -- -- -- -- --		51·83 „
Cawnpoor, -- -- -- -- -- --		51·61 „
Ghazeepoor, .. -- -- -- -- --		49·85 „
Mynpoorie, -- -- -- -- -- --		49·53 „
Allygurh, -- -- -- -- -- --		49·37 „

It is to the ratio of acquittals to convictions in these more serious cases that the attention of the Magisterial Authorities should be most closely and earnestly directed.

8.—The quickness with which witnesses are examined and discharged, as shewn in the 5th paragraph* of the report, is satisfactory and creditable.

* *Extract, paragraph 5.*—The number of witnesses summoned during the year was 3,23,346, of whom 2,87,487 were detained but 1 day, 23,818 2 days, 6,939 3 days, and 5,102 for 4 days and upwards.

9.—Of 4,619 persons tried at the Sessions Courts, 3,425 were convicted, or had their cases referred, with recommendations of punishment, to the Nizamut Adawlut. This proportion of about 74 per cent., in a matter on which percentage calculations may be fairly trusted, is undoubtedly favorable. So also, in the cases referred, or called for for revision, by the Sudder Court, 785 were convicted to 252 acquitted, or in the ratio of 3 to 1, and this result is the more a matter of satisfaction, that concealment of the occurrence of grave crimes is believed, and, as the Lieutenant Governor apprehends, with truth, to be very rare in these Provinces, while the escape of the known perpetrators of such crimes is also comparatively infrequent. In their Resolution regarding the Moradabad Sessions Court, (paragraph 2) the Court observe, that in 1854 " the proportion of acquittals was 57 per cent. for Bijnore, and 54 per cent. for Moradabad, while, in the year under review, there were, for both Zillahs, 195 convictions to 35 acquittals." This diversity of result is, no doubt, mainly owing to a change of the Officers presiding over the Sessions Court. Peculiarities of individual minds exercise a very important influence on the result of Sessions cases throughout India. It is material to note the fact, both in justice to Magistrates, and in order also to point to the inference that the partial aid derived from Juries places little practical check on the

small. In a population which may be stated as not short of from 33 to 34 millions, the cases of only 2,657* persons charged with offences remained undecided.

* The entry for the Nizamut Adawlut is of cases not persons, but the number is so small, only 31, that it does not affect the substantial accuracy of the Statement. The total is taken from the Court's Statements Nos. 1 to 9. The Separate General Statement gives only 2127, of whom in Jail, ... 1075

5.—The average duration of cases which came before the Police is, including all the districts, the Hill Province of Kumaon as well as others, 13½ days, and of those in which the Police were not employed, 9 days.

6.—Table No. 7, accompanying the Court's letter of May 31st, gives the average duration of the more heinous cases which are referred for the final sentence of the Nizamut Adawlut. The whole average time occupied varies from 3 to 3½ months. The Lieutenant Governor hopes to see this period still further reduced, but he observes that, from Returns laid before Parliament referring to a recent year, it is found that, in England and Wales, 3,137 persons were from 2 to 3 months, 872 from 3 to 6 months, and 186 persons for 6 months and upwards, in prison, before being brought to trial in the higher Courts.

7.—As shewn in the 3rd paragraph of the Court's report, the average proportion of acquittals in all cases is about 36¼ per cent. to the total number of persons tried. Observing on the similar result in the Punjab during the past year 1855, the Chief Commissioner remarked "the present proportion of acquittals, viz. 37·67 per cent., is probably nearly as good as can be legitimately obtained." It is to the ratio of acquittals to convictions in these more serious cases that the attention of the Magisterial Authorities should be most closely and earnestly directed.

8.—The quickness with which witnesses are examined and discharged, as shewn in the 5th paragraph* of the report, is satisfactory and creditable.

* *Extract, paragraph 5.*—The number of witnesses summoned during the year was 3,23,346, of whom 2,87,487 were detained but 1 day, 23,818 2 days, 6,939 3 days, and 5,102 for 4 days and upwards.

9.—Of 4,619 persons tried at the Sessions Courts, 3,425 were convicted, or had their cases referred, with recommendations of punishment, to the Nizamut Adawlut. This proportion of about 74 per cent., in a matter on which percentage calculations may be fairly trusted, is undoubtedly favorable. In their Resolution regarding the Moradabad Sessions Court, (paragraph 2) the Court obsèrve, that in 1854 " the proportion of acquittals was 57 per cent. for Bijnore, and 54 per cent. for Moradabad, while, in the year under review, there were, for both Zillahs, 195 convictions to 35 acquittals." This diversity of result is, no doubt, mainly owing to a change of the Officers presiding over the Sessions Court. Peculiarities of individual minds exercise a very important influence on the result of Sessions cases throughout India. It is material to note the fact, both in justice to Magistrates, and in order also to point to the inference that the partial aid derived from Juries places little practical check on the

judgments of the Sessions Courts. Both in 1854 and 1855, the Sessions trials of Moradabad and Bijnore were, doubtless, held with the assistance of Jurors.

10.—Taking particular districts, the results of Sessions cases are, in some, remarkably favorable.

11.—The Lieutenant Governor would remark that, in classifying the result of criminal trials and appeals, as is done in the 7th paragraph of the General Report, it will be better to state the figures for each district separately, rather than for divisions in the aggregate. The arrangement according to divisions is well adapted for the state of things in the Punjaub, where the Commissioner holds the Sessions trials for all his division, but is not suited to these Provinces, where there is a Sessions Judge, either for each district, or for two or three districts where the work may be light.

12.—On the same or 7th paragraph, the Lieutenant Governor would also remark that it will be as well to add a column of proportion of reversals to appeals tried for "Criminal Trials" separately from "Miscellaneous Cases."

13.—The sentences passed by the Nizamut Adawlut and by the Sessions Courts were as follows:—

Punished with death,	80	Persons.
With transportation and imprisonment,	185	„
With imprisonment above 12, not exceeding 21, years,	144	„
Above 5, not exceeding 12, years,	912	„
5 years and under,	2,218	„

14.—The operation of Act IV. of 1840 need not be commented on, as it is believed that it will very shortly be superseded by a new law.

15.—The following notices seem called for in regard to the effect of the several Circulars alluded to in the last paragraph of the report, as to all of which the Court remark that they have, "upon the whole, been found to be very beneficial":—

16.—*1st Circular* order regarding the exercise of Magisterial powers by Moonsiffs of the 1st Grade. This is found to have been done with benefit in several districts, as in Budaon, Shahjehanpoor and Futtehgurh, and the plan of employing Moonsiffs, so as to render justice easily accessible in minor criminal cases to the residents of the neighbourhood, should be still further encouraged and extended.

17.—*2nd Circular* regarding the holding of Quarter Sessions at outstations by Sessions Judges. On this subject, the Sessions Judge of Dehli observes that the Quarterly Sessions "have been held at Goorgaon and Rohtuck, at the latter of which Hissar cases are likewise tried. The arrangement is a great boon to the public, who highly appreciate the advantage it confers on them." Of the same arrangements at Etawah, both the Officiating Sessions Judge and the Magistrate concur in representing the introduction of the practice of Quarter Sessions to be of great benefit to the people.

18.—*3rd Circular* of August 10th, 1854, with general rules on Police and Criminal Administration.

The promulgation of this Circular seems to have been decidedly useful, although, as observed by the late Magistrate of Etawah, it may contain nothing which was not already known to efficient Magistrates. The object, however, was to establish an uniformly good and sound practice on the part of all Magistrates. The remark cited in the margin* from paragraph 6 of the Court's Resolution on the Saugor Session's Report calls for prominent record, and the Lieutenant Governor will be glad to know what may have been done by the Court in pursuance of the intention there intimated.

* "In respect to the working of Circular Order No. 1047, dated August 10th, 1854, the Sessions Judge proposes that the original depositions of the prosecutor and witnesses, as taken by the Police, should be daily sent in with the "Progress Reports" prescribed in paragraphs 4 and 5 of the Circular. The practice is stated to have been already introduced into the Hoshungabad District by the Deputy Commissioner lately in charge of that jurisdiction, Mr. J. G. Thomason. It affords a very powerful check upon the proceedings of the Police Officers, who are frequently found to alter the dates of depositions taken before them to suit their own purposes, and the Court will take steps to bring it generally into operation in the North Western Provinces."

19.—*4th Circular*, on destruction and preservation of Sessions Records.

This useful Circular appears to be properly attended to in all the districts. It should be kept under the careful observation of the Court until it has been thoroughly carried out, and the record rooms relieved of the papers of old trials which have now ceased to be of any value.

20.—*5th Circular*. Remarks on the enforcement of Act XVI. of 1850 for the infliction of fines as compensation to parties injured by robbery.

This Act appears to have been scarcely attended to in many places, but to have been applied to some extent in others. In Goruckpore 111 persons were fined during the year to the extent of Rs. 1,805.

21.—The Court note that this law was acted on to a much greater extent in Saugor than in any other district, and that the proportion of fines realized was larger in the Saugor Division generally, than has been observed by them elsewhere.

22.—In paragraph 8 of the Resolution on the Agra Returns, the Court justly remark that the application of this Act, although it may often be without result owing to the poverty of criminals, is peculiarly appropriate in cases of fraud, cheating, or embezzlement.

23.—Again the Court observe upon the subject as cited in the margin* from the 4th paragraph of their Resolution on the Mynpoorie Statements.

24.—The application of the Act must, of course, be materially affected by what is known as the Khoj system of the Dehli Territory, under which a whole village is responsible, unless it can satisfactorily clear itself, for the re-imbursement of the party robbed, where the trace cannot be carried beyond its limits.

* "The Magistrate of Etawah, on the other hand, would attribute his failure to carry the provision of this law into effect to the fact of the Court's Circular on the subject leaving it doubtful whether the fine can be added after the sentence for the theft or robbery has been passed. The Court can by no means consider this reason to be sufficient. They do not perceive any obscurity either in the terms of the Act or in the Circular Order referred to; both clearly contemplated the imposition of a fine at the time of passing sentence, of which it is intended to form part, but any doubt on this point could constitute no legitimate excuse for neglecting to enforce, in all instances where it may be suitable, the provisions of a law enacted by the Legislature for the guidance of the Criminal Courts. It may be very true, as remarked by the Officiating Sessions Judge, that the universal application of this enactment would assume a state of society, in which opulence and not poverty was the characteristic of the criminal population, but in regard to particular offences, such as felonious breach of trust and receiving stolen property, the enforcement of the law must almost invariably prove beneficial, and it should not be made dependent on any doubt as to the time of inflicting, or probability of realizing, the fine.

25.—*6th Circular*, on the careful observance of Act XXXIII. of 1854, requiring all judicial sentences in criminal, as well as in other, cases, to be written in the vernacular language of the presiding Officer, and signed by him at the time of pronouncing sentence. Complete compliance with this Circular is very properly insisted on by the Court.

26.—*7th Circular* publishing revised Schedule of Miscellaneous Offences. The correctness and sufficiency of this Schedule will, from time to time, have the further consideration of the Court, with a view to the correction of any inaccuracies or deficiencies which may be shewn to exist in it.

27.—*8th Circular* on the mode of recording the confessions of prisoners.

The checks established in this Circular have, in a former correspondence, been recognized by the Lieutenant Governor as likely to prove very beneficial. The direction intimated in paragraph 4 of the Resolution on the Azimgurh District, as quoted in the margin,* was highly proper; but the Lieutenant Governor looks forward to a change in the law on this subject, under which the practice, similar to that recently introduced under his sanction in the Kumaon and Gurhwal Districts, will become general, and all confessions will be required to be taken down in the handwriting of the Officer presiding at an investigation, and fully certified under his signature, without the form of attesting witnesses, reliance upon whom may, in some degree, weaken the direct responsibility which ought to lie solely on the Officer by whom a confession is received.

* *4th paragraph.*—"The Magistrate reports that the requirements of the Court's Circular Orders, respecting the investigation of cases by the Police, and the precautions to be observed in the record of confessions, are strictly fulfilled by himself and his subordinate Officers. The Court, however, have had occasion recently to notice an omission on the part of the Magistrate himself to have the confessions recorded under his own personal observation. It is not sufficient that the confession should be taken down by a mohurir in the same room as that in which the presiding Officer is sitting, but the Court understand the terms of the usual certificate, as quoted in the margin,† to mean that the statement of the confessing prisoner was recorded under the immediate observation of the Magistrate, who ought not at the time to be engaged in the transaction of any other business."

† I hereby certify that this confession of was made by the said and taken down in writing and attested by the subscribing witnesses before me, and in my presence.

28.—I am now desired to state the remarks of the Lieutenant Governor, as they seem to be necessary, on the details of particular districts.

29.—*Dehli.*—The satisfactory result of the Sessions trials at Goorgaon and Hissar has before been referred to. In Goorgaon, the Joint Magistrate, Mr. Manderson, whom the Sessions Judge describes as "a very promising young Officer", deserves the greater part of the credit on this account.

30.—In Hissar, the credit is fairly to be divided between the Magistrate, Mr. Dumergue, and the Deputy Magistrate, Shahbazbeg Khan.

31.—Some delay in the duration of trials was noticed in the orders of Government regarding Hissar for the past year. This delay has been remedied, the average time having been reduced from 26 to 13 days. The Sessions Judge writes—"greater despatch than this is scarcely to be expected in the Hissar District, where so many cases are connected with the surrounding independent states".

32.—Of the Dehli District, the Judge observes—"the number of persons acquitted on trial is large, especially in the commitments made by the Joint Magistrate. The proportion is, however, considerably swelled by the acquittal of 12 persons in a difficult case of dacoity, in which the evidence, although fully warranting committal, was not sufficiently trustworthy for conviction."

33.—Of Rohtuck, the Sessions Judge observes,—"that Mr. Ross' commitments and appealed judgments have been particularly creditable to him," and adds that Mr. Ross "has always borne a prominent part in the administration of this district, and to his efforts a considerable part of the credit is due."

34.—It is a remarkable circumstance in Rohtuck that the commitments diminished from 120 in 1854, to 17 in 1855. The attention of the Commissioner of the Division will be called to the circumstance, with a view to checking any possible tendency to the concealment of crimes actually committed.

35.—*Meerut and Boolundshuhur.*—The Sessions Judge of Meerut will attend carefully to the intimation conveyed in the correspondence arising out of the Report of 1854, as to a thorough examination of the details of the District Statements in his office, before forwarding them to the Court.

36.—*Seharunpoor.*—In paragraph 3 of their Resolution regarding the Seharunpoor Sessions Court, the Court remark on the extreme difference, 25 to 16 days, in the cases tried without Police agency in the Seharunpoor and Moozuffernuggur Districts. This may perhaps be owing to different modes of preparing the statement. The same difference, as respects cases tried both with and without the employment of Police, is referred to in

paragraph 3 of the Resolution on the Moradabad Returns, with reference to the Moradabad and Bijnore Districts, and the Court there state their intention of considering, at an early date, the propriety of altering the present form of statement, so as to render it less liable to exhibit deceptive results. The Lieutenant Governor will be glad to learn what has been the result of the Court's review of this subject.

37.—The Court should call the attention of the Magistrates of Suharunpoor and Moozuffernuggur to the propriety of employing the Moonsiffs of the 1st Grade in their respective districts in the trial of ordinary criminal cases.

38.—*Allyghur.*—The Lieutenant Governor entirely concurs in the remarks recorded by the Court in the letter to the Sessions Judge of this District, No 919 of June 24th, as to the procedure of the Judge in communicating to the Magistrate the censure at first passed by the Court on the conduct of that Officer in connection with an illegal practice of levying Tullubana in the District, although the circumstances, under which the censure was recorded, were found by the Judge to have been erroneously assumed.

39.—*Agra.*—Mr. Drummond has justified the favorable anticipations of his administration of this District which were expressed in paragraph 15 of the orders of January 30th. The Court refer to some degree of delay in the transaction of the business of the Magistrate's office, which is the only defect in Mr. Drummond's management. The Lieutenant Governor is confident that occasion of remark on this point will not occur in future. In this district, also, the Court state that "the detention of 32 witnesses for 15 days in the Assistant Magistrate's Court, has not been satisfactorily explained." Such a point should not be left in doubt, and the Lieutenant Governor requests that the information may be now supplied, and forwarded for his information.

40.—The subject of the Court's remarks in paragraph 10 of their Resolution as marginally* noted, regarding the small share of the criminal duties taken by the Magistrate, Mr. M. Thornhill, has been separately under the consideration of the Lieutenant Governor, and

* "The Court observe that the criminal duties of the Muttra District devolved almost entirely upon the Joint Magistrate, Mr. Wigram, whose zeal and efficiency are noticed by the Sessions Judge. The Magistrate, Mr. M. Thornhill, did not commit a single case to the Sessions Court; the appeals which were preferred from his orders were in petty cases prepared by his subordinates, and the small share taken by him in the work of the Criminal Department may be estimated from the fact of 46 witnesses only out of 9,093 having been examined in his Court. The Court can-

not approve of the course thus adopted by Mr Thornhill, which amounts to a relinquishment of Magisterial responsibility, and is directly opposed to the principle declared by the Circular Order of Government No. 745 A. dated 25th May 1854."

the defect, it is not doubted, will have been in a great measure remedied. Serious notice will, otherwise, be necessary of the subject. A copy of this paragraph will, however, be forwarded to the Commissioner of the Division for his vigilant attention.

41.—*Bareilly.*—The Court observe in their Resolution on the Bareilly Returns, (paragraph 6) that Quarterly Sessions have not yet been introduced in Budaon and Shahjehanpoor, in consequence of no Circuit Houses having been built at those stations, pending the decision of the question of establishing a Civil and Sessions Court at Budaon.

42.—They add that it will be proper, under any circumstances, to have a Circuit House at Shahjehanpoor on account of the distance of that station both from Bareilly and Budaon. This point may be considered when the division of the Bareilly and Budaon jurisdictions finally takes place. But, in the mean time, the Lieutenant Governor would beg the Court to consider and report, on an early date, whether there will be any serious difficulty in making some temporary arrangement, by which Sessions trials could at once be held by the Additional Sessions Judge both at Budaon and Shajehanpore.

43.—*Mynpoorie and Etawah.*—The Lieutenant Governor concurs with the Court that it will be proper to await further experience, and the reports of other Officers, before accepting the very unfavorable opinion of the official qualifications of Mr. F. C. Forbes, recorded by the late Magistrate, and in some degree supported by the Officiating Sessions Judge. Mr Forbes has lately conducted the special enquiry on which he was employed, regarding robberies on the Grand Trunk Road with creditable intelligence and success.

44.—*Cawnpoor.*—The Reports referred to in paragraphs 2 and 3 of the Resolution on this District, as to the competency for magisterial duties of the Deputy Magistrate of Bilhour, and as to certain defects noted in the proceedings of the late Magistrate, Mr. Spankie, now at Scharunpoor, are awaited.

45.—*Futtehpoor.*—The Lieutenant Governor has, in a recent separate correspondence, expressed his satisfaction with the degree of improvement exhibited in the Futtehpoor Returns, there having been at the Sessions a result of 127 convicted to only 28 persons acquitted.

46.—*Banda.*—Mr. Mayne's administration of Banda has well fulfilled the expectations which were formed of him in the orders on the Report for the previous year.

47.—The active personal attention given by Mr. Mayne to his criminal duties is specially commendable, as the condition of the District in the Revenue Department has also required his unrelaxing care and efforts.

48.—*Benares.*—In this District, the scarcely credible result is exhibited of 552 persons convicted or committed to 19 acquitted in the classes of cases Nos. 1 to 41 of the criminal statement. The present Officiating Sessions Judge should be directed to examine the particulars of the statement, and to report whether there has not been some error in the principle upon which it has been drawn up.

49.—*Jounpoor.*—The subject of the Law relating to the crime of infanticide has been very fully discussed by the Lieutenant Governor in a recent communication to the Court.

50.—*Ghazeepoor.*—The subject of paragraph 5 of the Court's Resolution regarding the reported defective Police and Criminal Administration of this District will be disposed of in connexion with a report recently received from the Commissioner of the Division.

51.—*Goruckpoor.*—An explanation should be furnished of the causes of the reversal of the orders of the Magistrate in so many miscellaneous appeal cases in this District, the reversals being 14 to only 4 confirmed.

52.—In this District, the Court refer to their having, from trials which have come before them, "had reason to apprehend that the Police are in the habit of extorting confessions from accused parties, or of resorting to other improper and irregular measures to obtain them."

53.—The great size and insufficient establishments of this extensive District may in part have been the cause of this very serious blot upon its management. A copy of this paragraph will be sent to the Commissioner, in order that he may, during his tour in the coming season, make every practicable enquiry on the subject, and report on the necessity for the adoption of any special measures regarding it.

54.—*Saugor.*—The Returns of this large Division are, on the whole, satisfactory, considering the disorders caused by famine during the earlier part of the past year.

55.—The Sessions Judge ascribes the high average of reversals in criminal appeals to the unavoidable employment of several Officers who, though zealous and capable, were at first deficient in experience. He gives special, and the Lieutenant Governor is aware, well-merited praise to Lieutenant Montgomery, the Deputy Commissioner of Saugor, Captain Pinkney, Deputy Commissioner of Jubbulpoor, and Lieutenant Waddington, Deputy Commissioner of Mundlah.

56.—The ratio of acquittals in Cases Nos. 1 to 41 in the Seonee District is shewn as only 7·9 per cent., and the Court state, in paragraph 2 of their Resolution, that this predominance of convictions over acquittals has been a marked feature in the Seonee Statements for the past four years. Here, as at Benares, the accuracy of the manner in which the statement has been prepared calls for enquiry.

57.—The Court have been already informed of the removal of the Deputy Magistrate of Mundlah, who had been reported to be inefficient.

58.—Mr. Roberts, the Judge of this peculiarly responsible jurisdiction, has conducted the heavy duties of his office with the eminent zeal and efficiency which were looked for from him.

59.—*Jhansie Superintendency.*—In this important jurisdiction likewise, Captain Skene, the Superintendent, vested with the same powers as a Sessions Judge as the Judge of Saugor, has maintained his former excellent reputation. The condition of the Jaloun District still calls for continual effort, but there has been some greater despatch in the disposal of its criminal business.

60.—Lieutenant Gordon, Deputy Superintendent of Jhansie, has entitled himself to cordial approval.

61.—The Court refer to three Assistants in Jaloun and Jhansie as noted to be inefficient, and unfit to be retained in their offices. The proper occasion for effecting their removal will be on the entire revision of the establishments of the Division, which will now shortly take place.

62.—*Kumaon and Gurhwal.*—An explanation should be called for from the Commissioner of the Kumaon Province, on the remarks of the Court in paragraph 2 of their Resolution, regarding the delay in the disposal of cases, especially in the Gurhwal District, where it is noted to

have existed, though with considerable fluctuations, for the past three years.

63.—The Commissioner should also be required to furnish an explanation as to the unusual headings in the Gurhwal Return "Not mentioned in Court's list of offences" and "Sale of women."

64.—Two important changes have recently been directed by the Lieutenant Governor, in communication with the Court, respecting the procedure in criminal cases within this Hill jurisdiction.

1st.—The Commissioner will be authorized to pass sentence, as in the Saugor Division, to the extent of seven years' imprisonment on the record of investigation before the Magistrate, without requiring the attendance of prisoners and witnesses for a second trial.

2ndly.—The confessions will be written down, and directly certified by the Senior Assistant Commissioners, and other Officers vested with the powers of Magistrate, without the necessity of their bearing also the signature of attesting witnesses, and being proved by such witnesses on a trial. The Lieutenant Governor has above (paragraph 27) stated his expectation that the principle of this latter order, which dispenses with a form of little substantial value, and very burthensome to the people, will be very generally extended.

65.—In conclusion, the Lieutenant Governor is happy to feel himself well warranted in expressing his general great satisfaction with the promptitude and efficiency which have marked the Criminal Administration of the Districts under the Court's control during the year under review, and he has to offer his best thanks to the Court for their own assiduous and able labors.

66.—The original enclosures of your letters under acknowledgment will be hereafter returned, copies of such as are required having been kept for record.

I have the honor to be, &c.,

SIR,

Present:
R. B. Morgan,

Judges.
} Esquires.

I AM directed by the Court to forward for submission to the Hon'ble the Lieutenant Governor, North Western Provinces, the figured Statements which accompany, showing the results of the Criminal Administration in the Nizamut Adawlut and District Courts of the North Western Provinces for the year 1859, together with the Resolutions recorded by the Court on the returns of each individual District. The original reports of the Sessions Judges are not forwarded, being under the present practice of the Court embodied in the Resolutions.

2.—As requested in paragraph 4, of Mr. Secretary Muir's letter No. 103A. of the 30th January 1856, the Court submit, in addition to the usual returns, a statement showing in one view the leading features of the Criminal Administration. The results embodied in the Tabular Form may be described as follows :—

3.—There were for trial during the year the cases of 71,449 persons, all of which with the exception of the cases in which 1,683 persons were concerned, were disposed of by its close. Of the prisoners under trial on the 31st December 1859, 808 were in Jail and 875 on Bail. The year 1858 having been of an exceptional nature in most of the Districts of these Provinces, the

YEAR.	Total No. of Cases.	No. of persons under trial.	No. of persons under trial at close of the year.		
			In Jail.	On Bail.	Total.
1855,.....	48,890	1,01,798	1075	1052	2127

Court have selected for comparison with the past year, the year 1855, the last previous to the mutiny of which statements are in existence. Judged by this standard the number of persons under trial for offences of every description, for both crimes and misdemeanors in the year under review, falls short of the same item for 1855 by 30,349 persons. The difference between the number on trial at the close of the two years respectively was 444 persons.

4.—Out of the number mentioned in the preceding paragraph the cases of 35,250 prisoners terminated in conviction, of 3,699 in commitment for trial to the Sessions Court, and of 29,844 in acquittal; the proportion of prisoners disposed of in this latter way being about 43.38 per cent, to the total number tried. These figures embrace offences of every description; but descending to the details of heinous and petty crime, the Court embody in the marginal Statement a statistical comparison of the number of persons convicted and acquitted of heinous offences, (as comprised under the 1st 41 headings of Statement No. 1 Part 1,) in the years 1855 and 1859, in each individual District of these Provinces. From this it will be seen that 11,933 prisoners were convicted in 1855, and 8125 in 1859; 4106 prisoners committed in 1855, and 3003 in 1859; and 11,951 prisoners acquitted in 1855, to 10,633 in 1859: the general proportion of acquittals to persons tried being for the first year 42.69 per cent, and for the second year 48.86 per cent.

5.—Referring now to separate Districts, the Court find that the largest proportion of acquittals in 1859 obtained in the Banda District, and the least in the Mirzapoor District; and that the general average was exceeded in the Districts named in the margin.* In the Districts of Meerut, Agra, Gurhwal,

Dumoh, and Seonee the proportion of prisoners acquitted to prisoners convicted fell short of the proportion of these Provinces generally.

The Court, I am directed to observe, regard the returns of the year under review to be in this respect altogether exceptional. Because included in them appear a large number of persons who were arrested on charges connected with the late disturbances, and whose cases were compromised, or prosecution dropped under the general instructions of Government; and also from the great difficulty experienced by District Officers in obtaining reliable proof in cases in which proceedings were necessarily so long delayed.

6.—As noticed above the average proportion of acquittals in all cases to the total number of persons tried, was for 1855 about 36½ per cent, and for 1859 about 43¼ per cent. Upon this average the Court confidently anticipate future improvement both as regards heinous crimes, though in such cases (as remarked by the Chief Commissioner of the Punjaub, in commenting on the Criminal Administration of that Province for 1856,) "it is often necessary to arrest at once where strong suspicion or even reasonable presumption of guilt may exist." But especially in respect to petty cases, in respect to which the Court entirely concur in the truth of the Chief Commissioner's remark recorded on the same occasion, that in them "no such promptitude is expedient." In such instances, the complaint should be "thoroughly scrutinized before defendants are summoned, and in all cases which may have the appearance of being frivolous or vexatious, the expences of suit should be required to be paid into Court, before a summons is issued. By these precautions some annoyance to innocent people would be avoided, and the Courts would be relieved, without lessening the real vigour of the administration." On this principle Section 2, Regulation III. of 1812, is based.

7.—The following table shows the number of witnesses examined in the Magistrates' Courts of these Provinces during the year past and the period of their detention, from one day to four days and upwards. To this are added the similar figures of 1855, for purposes of contrast.

The return for the first mentioned year was considered by the then Lieutenant Governor of the N. W. Provinces, "satisfactory and creditable." In respect to that of 1859, the Court have only in the case of a few Districts found occasion for censure. They have, however, ascertained that considerable difference of practice has prevailed in the manner of compiling these returns: and have issued a Circular (No. 8, dated 26th April 1860,) which they hope will ensure uniformity in their preparation in the current year. Column 15, of the Tabular Statement No. 10, appended to this Report, shews the Districts named in the margin* as those in which the largest number of witnesses were examined; the greatest despatch was perhaps exhibited in Benares, Furruckabad, Bareilly, and Etah.

From this it will be seen that, for these Provinces generally, with exception of Kumaon the returns of which are altogether exceptional, the period of duration of a case in which Police investigation formed a part, was one day and sixteen hours at the thannah, 17 days and 8 hours at the Magistrate's Court, total 19 days; in cases in which the Police had no concern, that is in petty cases, the period of duration was 14 days. These averages are greatly in excess of those of 1855, the year selected for comparison; and even after allowance is made for the disturbing influences arising from the rebellion, must be looked upon as unsatisfactory. Looking to individual Divisions the Court notice that the term of duration for heinous cases is longest in the Division of Jubbulpoor, where it averages about 22½ days, rising in two* individual Districts as high as 51 and 34 days respectively. The average is also unduly high in the Nursingpoor and Mundla Districts of the same Division; and in Humeerpoor of the Jhansie Division, which shews the worst return of any in respect to the duration of petty cases, the average being no less than 33 days. In the Regulation Provinces the five Districts noted below show the best Returns:—

On returning to the Returns of the year 1855, the marked increase in the number of sentences of corporal punishment

in 1859, as compared with 1855, is at once seen: in 1855, 1,372 persons were flogged, in 1859, 4,242. This is of course due to the operation of certain stringent enactments passed by the legislature in consequence of the mutiny, rendering resort to that mode of punishment more necessary than heretofore. The salutary effect of this innovation has been commented on by more than one Sessions Judge and Magistrate, and the Court are inclined to think that the perpetuation, in a modified form, of the Provisions of Act XI. of 1858, which expired on the 4th Ultimo, would be advantageous, and that corporal punishment might to a great extent be substituted with benefit for imprisonment, in the punishment of all crimes of a disgraceful nature.

10.—3,642 persons were committed to the Sessions Courts, of whom 1,364 were convicted, 723 referred for the orders of the Nizamut Adawlut, and 1,333, or a proportion of 38.97 per cent, acquitted. 151 prisoners died or escaped under trial, and the commitments of 172 were cancelled. Contrasted with 1855 the figures shew as follows:

Year.	Convicted.	Referred.	Acquitted.	Died, escaped, &c.	Commitments cancelled.	Proportion of acquittals to persons tried.
1855, ...	2,753	672	917	57	145	23.54
1859, ...	1,364	723	1,333	151	172	38.97

and for the detail of individual Sessions Courts, the Court refer His Honor the Lieutenant Governor to the Table, which is subjoined:

Kumaon,	Kumaon,	29	9	18	32.10
	TOTAL,	1,364	723	1,333	38.97

It will be observed that the proportion of acquittals ranges from 12¾ per cent, the minimum in Azimgurh, to 52½ per cent, the maximum in the Agra District, and that in the Districts named in the margin* the average exceeds the general average of these Provinces; and that in the following Sessions Courts falls short of it, viz: Benares, Mirzapoor and Cawnpoor. The Court are not disposed to regard a large proportion of acquittals to convictions when shewn in these returns, as being in every case conclusive indication of want of proper judgment in the Magistrates. As remarked by the late Lieutenant Governor, in his reply to the Court's Criminal Report for 1855, "peculiarities of individual minds exercise a very important influence, and the result of the Sessions cases throughout India." Still they attach much importance to the Return, and think that it is not one that generally is found to mislead.

The Court have drawn out this and other returns in the present report by individual districts, and not by Divisions, as it was remarked by the late Lieutenant Governor, on the latter mode of arrangement, that classification according to Divisions, though well adapted for the state of things in the Punjaub, where the Commissioner holds the Sessions trials for all his Division, is not suited to these Provinces, where there is a Sessions Judge either for each district or for two or three districts, where the working be light. The statement shews that for Criminal trials the general proportion of reversals to appeals tried is 37.05 per cent, and for Miscellaneous cases 30.76 per cent; the maximum of reversals, (taking into account individual districts not Sessions Courts) will be found in Humeerpoor, and the minimum in the Etawah district. The percentage is also large in the following Zillahs, viz. Mundla, Hoshungabad, Agra, Cawnpoor, and Futtehpoor.

13.—376 cases were referred for the orders of the Nizamut Adawlut in the year under review, and the proceedings were called for in 110 cases either on appeal or on a review of the monthly Criminal Statements, or under instructions from Government. In these cases 505 persons were convicted, 228 acquitted, and 221 otherwise disposed* of.

* No interference. Quashed. Annulled.

14.—The following table will give a fair estimate of the work of the Sessions Judges in the North Western Provinces, as tested by the revision, it underwent by the Court of Nizamut Adawlut. The Court however observe that the results must be accepted with the same modification, as to the variety of individual minds, as was suggested in paragraph 10:—

District.	No. of persons whose cases were referred to Nizamut Adawlut.	No. of persons convicted by N. A.				No. of persons who were acquitted or released.	No. of Appeal Cases.				No. of Cases called for on perusal of monthly Statements under Sec. 8, Act XXXI. of 1841.
